Update on Multiple Projects in Admirals Cove Beach Club

- The Annual Labor Day BBQ & Potluck: bring a dish, is this Sunday, which is also a free swim day, and Monday, September 5th is the last day the pool is open.
- **Reminder: Lower Byrd will be closed** from Farragut Drive to Keystone Ave. from the morning of Tuesday, September 6th to the morning of Wednesday, September 7th for road recoating.
- Saturday, September 10th 9 am – 4 pm **work party** to close up the pool for the season. Please show up and lighten the load for all.
- Ditch digging is for improved wi-fi at The Shelter/Pool and is almost complete. Thank you: Dennis and Bob and Jacob!
- Working on the generator (a generator was donated to ACBC this summer) with the idea of creating a warm station at The Shelter in the event of an extended power outage. The Shelter would be a place to keep warm, get a cup of coffee, charge phone batteries, maybe potlucks? Anybody want to donate a hot plate for all to use?
- The Lake Committee will soon be installing an informational kiosk about the lake to be located near the lake.
- We need more social committee volunteers in order to continue holding potlucks/BBQs. Contact Mary: saupow@hotmail.com
- Thank you to those who volunteered to assist with this year's and next year's Annual Garage Sale! Reports are that it was successful, with folks coming from some distances away leaving with new treasures.
- Many committees want more volunteers, including Buildings and Grounds, Communications, Social, Bylaws, & Nominations, etc.
- **Shore Armoring:** The Board approved the Shore Armoring engineering drawings prepared by our consultants at the August Board Meeting. Our consultants are now preparing the documents and drawings in the format required by the involved governmental authorities. A status report will be presented at the September Board Meeting and in the next Newsletter.
